Subject: CES: Update of Summary of Waste Disposal through May 31
Date: Monday, June 01, 2015 8:49:00 PM

Beth:

Can you get me this disposal summary update as soon as possible? Also, Demita came by and picked up a sample of the FT1001 waste on Friday, May 29 so that they can go ahead and do their thing while we wait on the data from Test America.

Thanks
